Its about skills... and fun!!!

These five - day camps will appeal to all levels of interest, experience and talent. Participants can expect to improve skills and develop a greater understanding of rugby in a fun environment.

Learn from the best!

Our coaches are all qualified at mini or foundation level under the IRFU coach development pathways, bringing experience and knowledge to those participating.

All activities are child focused and will take into account the learning ability and capacities of each individual child.

Experts tell us that it is vital for the future health and well being of children that they be active and select healthy food options. Why not use OCCUR as an opportunity to start or supplement this ethos in your child.
